# \$200k Teamsters Club Silences United IAH Technicians

In 2016 when the Teamsters were making their second push at concessions at United Airlines Houston IAH technicians spoke out against the Scope and Benefits concessions in the T/A.

**Officers from the much larger Teamsters Locals in NYC 210 LAX 986 SFO 856 and MIA 769 joined together to silence the voices of the Technicians in IAH.** The real IBT union bosses silenced those who spoke out against Teamsters concessions during a time of record profits. They agreed with scope concessions and, they also agreed to the Attendance Policy LOA

## **United Technicians in the Teamsters union will never have a voice.**

We have concessions forced on us as while Teamsters officers enjoy ever increasing Pay, Pensions and Medical Benefits **that we pay for with our dues money.**

**They promoted a T/A that reduced our benefits, eliminated our Retiree Medical Plans, increased Medical premiums and reduced our profit sharing. While their benefits increased.**

## **Membership Benefits decrease, While Teamsters Officer Benefits increased.**

Check out their ever *increasing salaries that we pay for*, in the *TDU Annual \$200K club*. *The TDU has been fighting corruption in the teamsters for over 30 years.* It's time for United Airlines Technicians to leave the corrupt and self-serving Teamsters union.
