Teamsters Negotiated Wages fall behind even United Ramp and Stores workers

Teamsters always claim to negotiate “Industry Leading contracts” that is false.

Ramp Wages increased 61% from \$20.61 in 2009 to \$33.30 in 2021.

If you add in \$1.75 for Towing it increases to \$35.05 in 2021 a 70% Increase.

IBT Technician Wages only increased 55% from \$31.87 in 2009 to \$49.60 in 2021.

The Teamsters couldn't even keep up with the Ramp and Stores raises at United Airlines.

Every other union at United negotiated more in Wages & Pensions for their membership than the last place Teamsters. **Are you tired of being in last place with the Teamsters?**
